

Hamburg Declares Hitler in Berlin

Goebbels Also Is There, Broadcast Says in an Effort to Kill Talk

London, April 23 (AP)—Adolf Hitler is in Berlin and has decided to remain there, the Hamburg radio said today in a broadcast directed at Berlin residents in an attempt to convince them the invaded capital would not fall.

Both the tone and wording of the announcement made it clear that rumors were sweeping the Reich that the Fuehrer was in flight.

The broadcast said the announcement was made to stem what was described as "fantastic rumors by which the enemy is attempting to undermine the morale of the German people."

Propaganda Minister Dr. Paul Goebbels is also in the capital, the broadcast said. It concluded that the fall of Berlin would virtually mean the end of the war.

"There are two bastions which we cannot and will not cede," Goebbels was quoted as saying, referring to Berlin and Prague, the capital of Bohemia-Moravia.

"If these two bastions fall into enemy hands the whole of Europe will perish with Germany," he said. "Should Bolshevism capture these capitals of the Reich and the protectorate, Europe ceases to exist."

"Many people were afraid that the German lines before Berlin would not hold against the Russian onslaught but now it has been shown that these lines did hold fast after all," the broadcast said.

"The Fuehrer is directing the battle from the front line in Berlin and he has thrown in all available forces to stem the Bolshevik onslaught," the broadcast added.

Yesterday a D.N.B. broadcast mentioned a new commander of the Nazi troops in Berlin, previously reported under Lieut. Gen. Bruno von Hausenschild, whose fate was not explained.

The name of the new commander was heard here as "Lieut. Col. Renner"—possibly Lieut. Gen. Emil Renner, who was officially credited with foiling a plot to seize the city when he was a major in charge of a Wehrmacht battalion during the attempt on Adolf Hitler's life last July.

Authoritative London quarters professed no knowledge at least for publication of Hitler's whereabouts, but one reliable source expressed doubts that the Fuehrer, or even Propaganda Minister Joseph Goebbels, president of the capital, was in Berlin.

This source saw the announcement merely as an attempt to bolster resistance, saying the reported plan for a Nazi retreat into the Bavarian Alps surrounding Hitler's series at Berchtesgaden would fail if the Fuehrer were captured or killed and he could not serve as a "symbol of underground warfare."

Gardiner Meets Quota
It is announced that the town of Gardiner has met its quota under the Red Cross drive. Arthur Kurtz, chairman for the town, reports total subscriptions of \$1904, exceeding the quota, which was \$1900.

Big Three Talks Resume at Capital

areas, would be assigned exclusively to the trustee power.

Future Will Be Subject
Senator Hart (R-Conn.), former Admiral in command of the Pacific fleet, said in a week-end broadcast from Washington that the future of such islands as those of the Marshall, Caroline and Marianas groups "will be a proper subject" for the international organization, without specifying terms of trusteeship, he advocated American control.

While the Polish question was of top concern among the delegates gathered here, they could do little other than await the outcome of Washington talks between Secretary of State Stettinius, Russian Foreign Minister Molotov and British Foreign Minister Eden.

It is generally accepted that unless the Big 3 can come to a closer understanding of the question of a proper Polish government, the conference's whole work is imperiled. A question frequently asked is, if the great powers can't agree on this, on what can they agree?

There was long-range speculation that intervention by President Truman might help to reconcile the differences.

Truman Will Speak
Mr. Truman is to address the conference by radio when it opens Wednesday at 4:30 p. m. Eastern War Time in a formal session at San Francisco's Opera House.

The normal problems of getting commissions and committees selected and functioning is expected to delay an actual start on work until next Monday.

The first American delegates to arrive were Senator Vandenberg and Dean Virginia Gildersleeve of Barnard College, who flew in Saturday night. They were followed Sunday by Commander Stassen and Chairman Bloom (D-N.Y.) and Rep. Eaton (R-N.J.) of the House Foreign Affairs Committee, traveling by train.

Secretary Stettinius has been advised by Cordell Hull, senior adviser of the American delegation, that the latter's health will permit him to attend the opening of the conference.

justified in acquiring sites and in establishing improvements at a cost not to exceed \$200,000, to house desirable industries. The cost of such undertakings would be underwritten by members who have funds for mortgage investments that could be directed into such channels.

The Real Estate Board hopes for additional applications of a favorable nature just as soon as the newly organized Kingston Chamber of Commerce begins operations and members expressed their desire to cooperate in every way with the new organization.

At the meeting Thursday night, Schuyler C. Schultz, Jr., who has been honorably discharged from the armed forces after serving over two years, was accepted as an active member of the board. Frederick H. Stang, county attorney, was accepted as an associate member.

The secretary was instructed to write to Governor Thomas E. Dewey, Senator Arthur H. Wickes and Assemblyman John F. Waldin, expressing appreciation of their efforts towards establishing a ferry between Kingston and Rhinecliff.

The airport committee is expected to hand up its report at the next regular meeting of the board. At the conclusion of business the members stood in silent tribute to the memory of the late President Franklin D. Roosevelt.

Plans Drop Leaflets
On Friday night, planes dropped 100,000 leaflets informing the people of Bremen of the impending attack, declaring that the city would be bombed and shelled unmercifully unless the garrison surrendered promptly. The ultimatum was not heeded and yesterday the R.A.F. dumped massive loads of bombs into the heart of the bombed port. Hillside watchers saw sheets of flame leap from bursting bombs. The bombardment was declared only the first installment of the promised battering until Bremen is in British hands.

A telephone surrender demand was formulated, but the commandant refused to come to the phone. Bremen defenses were predicated on canals, dikes, rail embankments, and waterlogged plains. Artillery, when to wheel, battered the positions from one end to the other. Fire of small arms and mortars kept the enemy low.

How long the Bremen garrison could hold out depended upon the fighting temper of the troops, many of whom are hand picked Marines. The bulk of the civilians probably are more than ready to quit by now. AP Correspondent William Fawcett reported.

High Winds on Saturday Blow Down Trees in Area
High winds Saturday night and throughout Sunday were reported in the Woodstock and Phoenicia areas and south through Kingston and Port Jervis.

At Woodstock a large tree fell across the highway in front of the Country Club. It was removed by the State Highway Department. Another large maple fell in front of the Lutheran Church and a large poplar fell close to the porch of a house where the road just north of Woodstock. Numerous other trees in the area were reported down, including one in Academy Park area and a large maple at Shawag.

On the Morgan Hill road a large tree fell across electric wires and at the Woodstock Golf Club the large evergreen tree by No. 7 green was broken off by the high wind.

At Port Jervis Saturday evening a large tree fell across the road. Late in the evening the tree was cut and the Central Hudson Gas & Electric Corp. was called to remove it.

Three Arrests Made
Three men who were arrested Saturday night on charges of gun-ho intervention were given jail sentences when arraigned in police court today. They were James Casey and Henry Hamilton, both of Clifton, who were given seven days each, and John F. Murphy, a stranger, who was given three days.

Postmasters Will Meet
The regular meeting of the Ulster County Postmasters' Association will be held in Kingston at the Central Post Office building Thursday at 8 p. m. After the regular business meeting Special Agent Joseph E. Tierney of the F. B. I. will be the guest speaker and will discuss the new "F. B. I. Form." All postmasters and assistants are urged to attend.

Reciprocity Is Urged
Washington, April 23 (AP)—Continuation of the nation's reciprocal trade policies, with new powers to cut tariffs was urged today by Commerce Secretary Henry Wallace. He said such action would contribute to world peace and a vital cog in creating 60,000,000 new American jobs.

quantity than on the Maguire property, it still flows after five years. An analysis has been made of the gas at the LaGranja place and it was found to be a good quality of methane gas, a coal gas which is frequently found in coal and oil territory.

Several years ago a number of local people became interested in the possibilities of oil in the Phoenicia area and leases were secured on a considerable acreage. At present Ralph Longyear and George Bothford own these leases. Geologists have expressed an opinion that oil may exist in the area but up to the present time no test well has been sunk. Whether the discovery of gas in a considerable quantity at Phoenicia will stimulate the oil movement is not known at the present time but several of the interested parties were at the Maguire gas well yesterday making observations.

About a year ago resident of Phoenicia reported a mysterious subterranean rumbling noise which ran through the upper Esopus valley. At the time several people reported hearing the noise, and it was stated the noise sounded like a rush of a great quantity of water. Whether this rumbling noise was the movement of a liquid gas never was ascertained. The report came from people living about two miles from where the gas flow was now located.

Hurley Man Is Arrested For Drunken Driving
Lester Stagg, 45, of Hurley, charged with operating an automobile while intoxicated on Saturday night at 8:55 o'clock, had his hearing adjourned for one week, when he was arraigned in police court today.

Mr. Stagg was arrested by Officer Frank Sammons following a collision between the car Stagg was driving and an auto operated by Edward H. Franz of 83 Franklin street, at the intersection of Main and Fair streets.

Both cars were damaged, but no personal injuries were reported.

Treasury Receipts
Washington, April 23 (AP)—The position of the Treasury April 20: Receipts \$107,214,745.26; expenditures \$43,525,824.18; and balance \$112,777,740.35. Working balance included \$11,248,846.38; customs receipts for month, \$23,746,565; receipts for fiscal year (July 1) \$36,556,116.14; expenditures for fiscal year, \$7,068,531,741.49; excess of receipts over expenditures, \$28,525,584.29; total cash \$28,525,584.29; increase over previous date \$3,127,633.11; gold assets \$20,775,010,661.98.

eastward along a 125-mile front with the Thunderbolt (11th Armored) Division spearheading the drive into Schwarzenfeld and Nabburg, against relatively little opposition.

Neumarkt (10,000), southeast of Nuernberg, and Weiden were among the towns which fell.

Patton's troops in Czechoslovakia and hard by the Czechoslovak frontier also scored gains. Thunderbolt, three miles north of captured, an industrial Sudetenland city of 33,000, and Dolnereuth, two miles east of Asch, were taken.

His troops were within five miles of Eger in the most accessible gateway into northwest Czechoslovakia and 30 miles from Karlsbad.

Tirschenreuth, closest to Pilsen and Prague, fell to the Texas and Oklahoma (90th) Division which captured 1,500 Hungarian troops.

Supreme headquarters announced that 37,276 prisoners were captured Saturday, raising the total for April to 963,200 and the aggregate since D-Day ten months ago to 2,292,903.

The Thuz mountain pocket was erased Friday with 36,000 captives taken, as the French sprang the new trap against the frontier of northern Switzerland.

First Clears Dessau
The First Army 52 miles southwest of Dessau cleared three fourths of Dessau (120,000), captured the dramatic meeting with the Russian army. It has not already occurred. Chemnitz (335,000) in Saxony remained besieged by troops in its outskirts.

Crailsheim fell to the Seventh Army, and the troops of Gen. Devers also captured Sigmaringen, where Petain and Leval had conducted a puppet French government in the old haunts of the Hohenzollerns.

In reaching the western shores of Lake Constance, Gen. Jean de Lattre de Tassigny's French Army was within 230 miles of Modena, which Allied armies in Italy besieged. They were 108 miles from the towering Alps from the approaches to Augsburg (185,704), only 23 miles from the Sixth Army group was a bare 120 miles from the Brenner Pass entrance from Italy into the Bavarian Redoubt.

The Seventh Army reached a point only ten miles from Ulm (60,000), where Napoleon achieved one of his greatest victories. At Seissen, the 44th Division was within cannonshot of Ulm.

With the capture of Stuttgart, 13th city of Germany and capital of Wurttemberg, and Freiburg, Hitler retained only 15 cities which had prewar populations of more than 100,000. Of these, Berlin, Hamburg, Breslau, Bremen, Chemnitz, Stettin, Potsdam, Dessau and Harburg were either entered or besieged. The others are Munich, Dresden, Kiel, Augsburg, Luebeck, and Rostock—all threatened.

With the First and Ninth Armies aligned on the Elbe and Mulde river anxiously awaiting the Russians, the main action on the western front was in the south and north.

The final crushing blow at Bremen (342,306) was undertaken with the full weight of Allied air fleets and a formidable array of British armor and infantry which cut off and defended U-boat base virtually surrounded and cut off from Hamburg.

Financial and Commercial

New York, April 23 (AP)—The stock market tried to go through its eight-year average high today but, while strong spots persisted, profit taking on the lengthy upswing was sufficient to restrict the move.

Associated rails, packers and medium-priced motors came out in sizable blocks in the early proceedings. Dealings then tapered and extreme gains running to more than a point were reduced or eliminated in many cases near the fourth hour.

As in the past week's bulge, buying again was based partly on confidence in the Truman regime and the belief peace-time prosperity would offset reconversion problems now being accentuated by the approaching Nazi collapse.

In front most of the time were Southern Railway, Southern Pacific, Wilson and Co., Chrysler, Cudahy, Hudson Motor, Chrysler, General Motors, Studebaker, Bethlehem, Montgomery Ward, International Harvester and Union Carbide. Occasional losers included Douglas Aircraft, Johns-Manville, du Pont, Santa Fe, Western Union "A" and Goodrich.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 60 Beaver street, New York city branch office, 48 Main street, R. B. Osterhout, manager.

Valley Fruit Is Damaged by Low Readings in Area
Temperatures reported as low as 24 in Hudson valley areas last night, undoubtedly did damage to fruit, Albert Kurdt, agricultural agent, said this morning.

Mr. Kurdt did not have a great deal of specific information, but said that apparently it was warmer north than south, a caller from Westchester county having stated that tulips in his garden were frozen this morning, from Verbanck, Dutchess county came a report of blossoms, the temperature down to 26 while Albany temperatures ranged higher.

A Clintondale apple grower reported that his Cortlands, which were just out in blossom, were blackened and probably a complete loss, but his grapes did not appear to be hurt.

From another Clintondale source came a report that apple blossoms were brown and grapes drooping and wilted, where trees and vines were in low spots. On the other hand, trees in the same orchard, but on higher ground, appeared to be all right.

Those who took a chance, as the result of the recent unseasonable warm weather, and put out plants are apt to be out of luck. A Highland gardener, who had put out several thousand tomato plants, lost them all, it is reported.

Also there seems to be some question as to whether temperatures dropped as low in the Rondout valley as they did in the territory east of the Shawangunks.

Mr. Kurdt said that various factors governed the possible loss sustained. They would include the particular stage of bloom as regards apple blossoms, the location of the orchard and the variety of apple. He said it would be possible for petals to be browned and yet the center of the blossom not sufficiently damaged to kill it.

DONALD DUCK

"I WOULDN'T FOOL YOU, UNCA!"

WELL, DID I HEAR IT?

YEAH, I HEARD IT, BUT—

WERE YOU IN IT?

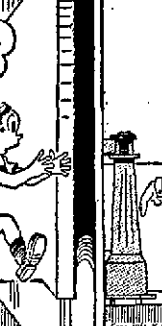

ABSOLUTELY! CROSS MY HEART!

BLONDIE

HOT FEET!

POP, QUICK—THERE'S A TWO-ALARM FIRE DOWN THE STREET

DAGWOOD DOES YOUR LOVE FOR ME GROW DEEPER AND MORE BEAUTIFUL AS THE YEARS GO BY?

DO YOU HAVE TO KNOW RIGHT NOW?

I'M ON MY WAY TO A FIRE!

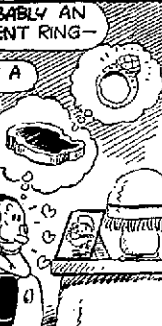

THIMBLE THEATRE

AN "UNEXPECTED" SURPRISE!

POPEYE WILL BE HERE ANY MINUTE—IT SEEMS AGES SINCE I SAW HIM

IT'S PROBABLY AN ENGAGEMENT RING—OR MAYBE A SIROLOIN STEAK

MAYBE IT'S A MILLION DOLLARS WHICH HELL LAY AT MY FEET—

HYA, SWEETIE—LOOK AT THE SURPRISE I GROWNED FOR YOU—

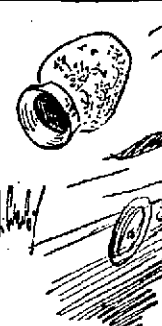

SKIPPY

Well, the only thing to do is to tell the truth!

HOUSE OF FUNNY MIRRORS

AMUSEMENT PARK

GOOD EVENING!!—THIS IS ORSON WAGGON—INTRODUCING MY NEW PLAY—"THE HOUR OF HARRY TONIGHTS HORROR PLAY IS CALLED 'THE MONSTERS REVENGE'—"

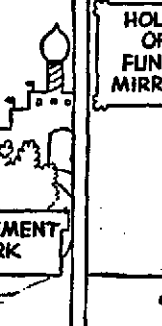

THE CURTAIN RISES ON A LONELY, RAMSHACKLE BUILDING ON THE MOORS.

THASS!!

GRIN AND BEAR IT

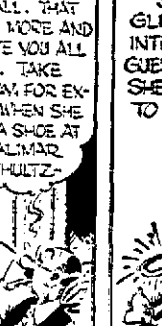

THEY'LL DO IT EVERY TIME

ACCORDING TO TREMBLECHIN, WHEN IODINE ACTS LIKE THIS SHE TAKES AFTER HER MOTHER—

I IMAGINE YOU WERE LIKE THAT WHEN YOU WERE SMALL. THAT KID GETS MORE AND MORE LIKE YOU ALL THE TIME. TAKE YESTERDAY FOR EXAMPLE, WHEN SHE THREW A SHOE AT SHALIMAR SHULTZ—

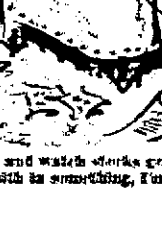

NO!!

BUT LET HER SHOW A GLIMMER OF INTELLIGENCE, GUESS WHERE SHE'S SUPPOSED TO GET IT—

WELL, WELL, IODINE! FIVE 'AS' ON YOUR REPORT CARD. AN-YOURE SMART, KID. JUST A CHOP OFF THE OLD BLOCK! ALL THROUGH SCHOOL I WAS ALWAYS AT THE HEAD OF MY CLASS

Electrol Receives 'E' Star Award

Electrol Incorporated received its Star award Saturday night at the New York State Armory. Prominent at the affair were, in the customary order, Joseph Murphy, union president; Mayor William F. Edelmuth; Ray B. Criddle, former Electrol president; Electrol President Ben N. Ashton; Lt. Comdr. C. W. Pearles, representing the Navy, and John Nutting, personnel director, chairman of the party for employees and their friends.

Electrol 'E' Star Awarded at Party At State Armory

Lt. Commander Pearles Is Navy Representative at Brief Exercises; 1,500 Attend Affair

Electrol Incorporated was given formal award of the Army-Navy "E" Star flag Saturday night at brief exercises at the plant party held at the New York State Armory, Manor avenue, for about 1,500 persons, employees and their friends.

The award was made by Lt. Comdr. C. W. Pearles of Schenectady and was accepted by B. N. Ashton, president of Electrol. Joseph Murphy, president of Ulster County Lodge 1562, I. A. M., gave a short speech on behalf of the employees and pledged continued production efforts.

Lt. Commander Pearles said: "It gives me great pleasure to be here tonight on the occasion of the presentation of the Army-Navy 'E' Star Award to Electrol, Incorporated, not only because this award represents a fine production record and an all-out war effort but because I have had the privilege of visiting your company off and on for the past few years and have witnessed the progress being made by you on materials destined for aircraft of the United States Navy."

"It is difficult for me to impress on you, the workers of the United States, the tremendous need for your production but the soldier at the battle front can tell you how swiftly a tank can be destroyed and the sailor on the high seas can tell you the damage wrought during a short battle. Your part in this war is important! Your continued participation in a war industry is vital to the winning of the war because by furnishing our fighting men the materials and supplies they require, you are cutting down the number of casualties and hastening the end of the war."

"It is my firm belief that the members of the Electrol organization fully realize their responsibilities as producers of war materials and because I know that you will continue your excellent production record with loyalty and courage, I am proud to present to you on behalf of the U. S. Navy the Army-Navy 'E' Star Award. Congratulations."

Kingston Residents Give Three Freight Cars of Clothing

The united clothing drive to collect apparel for the destitute in European countries concluded Saturday in Kingston and three freight cars loaded with all sorts of items were sent to Cohoes, the center for distribution of the clothing to people in distress.

Chairman Raymond H. Rignall, who was directing a short-handed detail of packers at the municipal auditorium Saturday afternoon, was saved from the strain of carrying the task over to today when large numbers of Girl Scouts and boys from the Y. M. C. A. volunteered to assist the others in cleaning up the job. They finished loading the cartons at 2:30 o'clock.

"All of the volunteer workers did a magnificent job," said Chairman Rignall, who said he desired to express appreciation to the residents of Kingston, the ladies of the Boy Scouts, school children, boys from the Y. M. C. A., drivers of county and city trucks, who aided in collections, and the various business houses of Kingston and Hercules Powder Co. of Port Ewen for donation of a large number of paper cartons and for furnishing trucks and drivers.

Relief Program For Packers to Boost Meat Supply

specied packing houses, and thus allow more meat to move across state lines to areas of scarcity.

These two broad steps constitute a 10-point program to solve the meat problem announced last night by Stabilization Director William H. Davis. It results from heavy pressure—particularly on O.P.A.—from Congress, the packing industry and housewives weary of searching for meat.

Prepared jointly by Davis, the O.P.A., War Food Administration and War Department, the program calls for a rigorous campaign against black markets. As a result O.P.A. is adding 500 investigators to its meat enforcement staff, rebelling its size.

Davis cautioned, however, against regarding the new actions as a cure-all. He emphasized that the war and military needs are the main cause of the meat shortage and that the steps taken will not solve the problem "in the sense of giving everybody all the meat he wants."

But they will, he added, "remove the last vestige of excuse for either the sale or purchase of meat at over-ceiling prices or without ration points."

American Meat Institute officials in Chicago commented: "It will take a little time to determine just what effect the new regulations will have. It is gratifying to have the O.P.A. recognize there is need for the changes the meat industry has been urging, and that prices required an adjustment."

The new distribution controls provide for slaughter quotas for all non-federally inspected packing houses, which handle 46 per cent of the meat supply. These quotas will limit the animal kill of such houses to their individual levels in 1944, based on the number of ration points they surrendered to O.P.A.

Similar limitations have been placed on the amount of dressed meat farmer-slaughters may sell. Also, they will be held to stricter account for ration point collections.

May Apply Now For Extra Sugar

Canning Supply Forms Are Available Here

Householders can now apply to the Kingston War Price and Rationing Board office, either by mail or in person, for form R-341 for home canning sugar supplies.

The necessary certificates will be issued on or about May 1, a maximum of 20 pounds will be allowed to each person, but not more than 160 pounds to any family.

Attached to the application blank for canning sugar must be spare stamp 13 in ration book 4.

Living costs in Haiti have greatly increased in the last year.

Mr. Ashton expressed particular thanks for the courtesy extended to Electrol by Major John Schwank, commanding officer of the First Battalion, 36th Regiment, and officer in charge and control of the state armory; and Lieutenant Walter Perrot, Richard Riskey and Stuart Randall.

Refreshments were available throughout the evening and at 10 o'clock sandwiches and coffee were served. The committee in charge of the affair were John Nutting, Lawrence Edwards, Robert Clark, Grace Bollenbach, Joseph Murphy and Nicholas L. Bruck.

Joe Moss's orchestra of New York played for dancing.

Parking in the area near the armory was controlled by Electrol guards.

fire was confined to the cellar and three streams of water were played on it.

As the fire started to burn up through the partitions on the first and second floors the fire chief sent in a call for additional men and equipment.

In order to get at the fire between the partitions, it was necessary to cut holes in the wall in order to turn a stream of water flowing through the partitions to extinguish the blaze.

The greatest damage by fire, smoke and water was confined to the cellar which was badly damaged. There was also considerable smoke damage throughout the house.

The intense heat from the fire caused the water poured on the Raymond Lowe, 196 First avenue.
